Hong Kong Metropolitan University
2026 JUPAS Admission Scores

Bachelor's Degree Programme

All weighted scores are calculated based on programme-specific formulae. Some programmes may assign a heavier weighting to certain subjects based on their particular programme requirements. The weighted admission scores have taken heavier subject weighting, if any, into account.

The scores and subject weighting may vary from year to year and should only be used as a reference and do not imply chance of admissions in subsequent years.

Admission to the programme is on a competitive basis. The University considers an applicant's whole profile (including band choices, preferred subjects and interview performance, etc.), in addition to the HKDSE score. As such, satisfying the university admission requirements does not guarantee admission.

Students with Alternative Qualifications in Chinese Language (ACL) are not included in the calculation of score.

Selection Principles

- **Best 5**: Best 5 subjects in Category A or Category B or Category C of HKDSE

Grade Conversion Tables

- Unless otherwise stated in the Programme-specific subject requirements, HKDSE Category B subjects (Applied Learning) with attainment at "Attained" or above; or Category C subjects (Other Languages) at specified levels can be considered as elective subjects.
- Mathematics Extended Part (i.e. Module 1 (Calculus and Statistics) / Module 2 (Algebra and Calculus)) can be counted as an elective subject. If applicants have taken both Module 1 and Module 2, only the module with best result will be taken into consideration.

Remarks

^The University has continued to adopt flexible admissions arrangements in the 2026/27 academic year and expanded this to programmes under the Non-means-tested Subsidy Scheme for Self-financing undergraduate studies in Hong Kong (NMTSS). Except for JS9580, JSSU40, JSSU50, JSSU55, JSSU66 and JSSU67, the arrangements has applied to all candidates who wish to apply for 2026/27 HKMU undergraduate programmes under both the Study Subsidy Scheme for Designated Professions/Sectors (SSSDP) and the NMTSS via the Joint University Programmes Admissions System (JUPAS). Under the arrangements, JUPAS applicants who fail to achieve Level 3 in either Chinese or English may still be considered by the University, provided that they attain a score of not lower than Level 2 in the subject in which they underperformed and achieved Level 5 or above in one other category A subject. The candidates' total HKDSE score must still meet the minimum expected admission score of their preferred programme, and they must place the programme in their Band A choice in JUPAS and pass an interview.*
